BALDWIN FARMS RESERVATIONS  
P. O. BOX 907 - RICHMOND, KY - 40476

1113 TATES CREEK ROAD, RICHMOND, KY 40475  
DIRECTIONS & FORMS AT [www.baldwinfarmsky.com](http://www.baldwinfarmsky.com)

**SCHEDULE YOUR EVENT:** Early planning will ensure a fun visit for everyone. We offer two easy ways to make a reservation.

- (1) Manually: Read/share guidelines; print/fill out reservation form; mail to Baldwin Farms, or
- (2) Electronically: Read/share guidelines; fill out online reservation form.

**COST:** Because events are priced according to the size of the group and the accommodations we must make for them, we will call you to discuss your plans, give you an estimate and confirm a date. It's that easy! You may then secure your registration by credit or debit card or mail a check to us. Prepayment is required for events. If payment is not received within seven days of the reservation, another party may be booked in your place. Your registration is not fully confirmed until payment is received.

**Remember: Confirmation is a 4-step process:**

- (1) Fill out reservation form,
- (2) Margery will call to finalize your event plans.
- (3) Pay within seven days of your reservation.
- (4) Read regulations and share them with your guests,

**CANCELLATION:** Contact Baldwin Farms a minimum of 5 business days prior to your scheduled event if you must cancel. In case of rain or verifiable emergency, we will reschedule your event or refund your fees. If you are running late, please call us. There will be no refunds where cancellation procedures are not followed.

**ACCOMMODATIONS:** Our shelters and the atmosphere make Baldwin Farms a great place to host gatherings such as office appreciation days, celebration groups, study groups, women's or men's groups or just have a gathering of friends or family. The cob webs blow from your minds and you can relax together. Many of our guests who make reservations spend some time playing games like corn hole, taking a walk or shopping the fall harvest and Kelly House. Whatever you decide to do, we know you'll have a great time.

**WHAT TO EXPECT:** Arrive a few minutes early to plan for your guests if you are hosting an event. Our large shelters have picnic tables and benches. You should bring tablecloths, decorations, refreshments & lawn chairs. Electric lights are available in the shelter, but we can't accommodate crock pots, coffee pots, electric grills, etc. We supply liners for the trash container. Please collect your trash before you leave. Before and after your event, your guests are welcome to remain at the farm for as long as we are open to play, do some fall shopping or just enjoy the sunshine.

Have your guests dress appropriately for the event. Old clothes and shoes are best. Little ones can get chilly on fall days so please bring jackets and sweaters. You can pre-arrange for the children to take home a small

pumpkin at the end of the event. You may suggest that they bring a plastic grocery bag to carry home their pumpkins. There will be a hand-washing station, hand sanitizer and portable bathrooms for your convenience.

**CHAPERONES:** Most events are for adult groups. If children are in your group, you must follow the same guidelines as our other groups since we are also open to the public. The children will have fun with all the free seasonal activities. It's easy for children to get separated since there are many fun and interesting activities to enjoy. Children are always eager to run and play and we encourage their fun in a safe environment. Please supervise them carefully. The guidelines are in place to protect them and the property. We are not responsible for accidents.

**CHAPERONE RESPONSIBILITIES:**

**Educational Activities:** As your group explores the farm, you may want to take advantage of the educational opportunities at each station. Fun and learning go hand-in-hand. Divide the children into small groups to allow each child a chance to experience the specific activity in a personal way.

**Barns:** There is a "kid's barn" where the children can climb straw bales, but **no one** should enter one of the big barns where equipment and supplies are stored. Naturally, there is **NO SMOKING** in or near the barn.

**Pumpkin Fields:** The large pumpkin fields, and the large pumpkins displayed there, are off limits for **unsupervised** play. Our other customers expect unblemished pumpkins intact with an attractive stem. We don't want to disappoint them. Also, tall weeds and pumpkin vines do not provide a good playground. Remember to pre-arrange for the children to **receive a kid-sized pumpkin** at the end of their visit to take home.

**Corn Maze:** Unless there has been rain and the ground is muddy and slippery, the corn maze is open to the public. Follow the tips to ensure a safe and happy adventure.

- (1) Children younger than four years probably should not attempt the corn maze as it covers more than two acres.
- (2) Strollers are not compatible with the corn maze.
- (3) A marker is placed half-way through the first acre so you may choose to return to the starting point or continue on through the entire maze.
- (4) Protect the corn maze as it, by nature is easily damaged or even destroyed. It will not grow back this season.
- (5) Guests should stay on paths. They are easily identified.
- (6) Children should stay in a group.
- (7) Refrain from picking corn or handling ribbons or corn stacks.
- (8) Most children enjoy reading the questions and finding answers with parents/guardians inside the maze.

**Other Activities:** Individually, each parent/guardian may choose to pay the nominal fees of other features such as pony rides available on the weekends or tours through Cal's Adventure Corn maze. You may use the attached coupon for more savings.

**PARKING:** Please park in designated area and proceed to the “Enter Here” sign. The staff will greet you and get you started. Parking near the back of the main shelter is most convenient to unload party supplies.

**MAPS:** Farm Maps are available to print from our website. Please copy and share with guests.
